

**Prayer Guide for May
2016**

This guide is to be used with Genesis Church’s prayer emphasis month along with the book “Praying the Bible” by Donald Whitney. As a church, we will be corporately using the book to pray through a specific Psalm every day. If you use this guide and the book, we guarantee your prayer life will be given a fresh vitality and you will find you will never pray the same prayer you’re so used to praying. Below is a chart with what Psalm we are going through as a body, along with what day of May to do it on.

The goal is to read a verse of the selected Psalm, then pray about that verse until you can’t think of anything else to pray or you run out of time, then move on to the next one. If you come across a verse that is confusing or you don’t know how to pray it, skip it. You’ll find many of these tips in the book, along with a “Psalms of the Day” chart on page 91 that will be extremely helpful.
